Education

- Coding Dojo 3 Full Stacks - Earned 4/4 Top Exam Honors
- Web Development Bootcamp - Colt Steele
- Python Django Bootcamp - Jose Portilla
- Roxbury Central School, NY - G.E.D.

Technical Skills

Languages Python, JavaScript, Java, HTML, CSS, SQL

Frameworks/Libraries Express, Mongoose, Node, REACT, Socket.io, Flask, Django, REST API, Pandas, SpringBoot, Bcrypt

Databases MySQL, MongoDB, PostgreSQL, AWS

Version Control Systems Git, GitHub

Technical Projects

Trade Journal, Final Solo Project - *Full Stack* - [Source Code](#) / [YouTube](#)

- Implemented user registration/auth with Python/Django/RestAPI, giving users full CRUD capabilities
- Engineered the frontend using REACT/Express & Socket.io, achieving a mobile friendly site with real time communications
- Incorporated current and accurate data with API's/AXIOS giving the user up to date news and information
- Attained cloud based storage with AWS S3 Buckets to store and server user images.

Pet Shelter, MERN Final Exam - *Full Stack* - [Source Code](#) / [YouTube](#)

- Developed a full CRUD app using Express/Mongoose giving users the ability to create, edit, and "adopt"/delete pets
- Demonstrated real time client to client exchange of information with REACT giving users up to date pet information
- Designed a responsive website by combining REACT/Bootstrap allowing the site to present correctly on any device.

Dojo Social, Final Group Project - *Backend / Team Lead* - [Source Code](#)

- Overcame the challenges of different schedules and timezones using Zoom/Google Meets and completed the project
- Showcased a full CRUD backend with Node/Express/Mongoose, for users to create, read, update, delete posts
- Achieved user authentication and registration using Node/Express/mongoose allowing clients to have a user account
